ROYAL BERKSHIRE
FIRE AND RESCUE SERVICE

We're Changing the Way We Respond

From **Friday, 20 September 2024**, RBFRS will stop automatically sending a fire engine when there is an automatic fire alarm notification in buildings such as shops, offices, leisure centres, sports grounds, libraries and health centres.

We will continue to maintain our emergency response to 999 calls, confirmed fires and to automatic fire alarm notifications from residential homes.

If you would like to speak to us about the changes:
